

Noctuidae: Hypeninae

Colobochyla interpuncta

Hypena abalienalis

Hypena atomaria

Hypena baltimoralis

Hypena bijugalis

Hypena bijugalis

Hypena californica

Hypena deceptalis

Hypena decorata

Hypena edictalis

Hypena humuli

Hypena madefactalis

Hypena manalis

Hypena minualis

Hypena modestoides

Hypena palparia

Hypena scabra

Hypena sordidula

Lomanaltes eductalis

Melanomma auricinctaria

Mycterophora inexplicata

Mycterophora longipalpa

Oxycilla malaca

Parascotia fuliginaria

Phytometra ernestinana

Phytometra rhodarialis

Rivula propinqualis

Spargaloma sexpunctata

Noctuidae: Strepsimaninae

Dyspyralis illocata

Dyspyralis nigellus

Dyspyralis puncticosta

Hypenodes caducus

Hypenodes fractilinea

Hypenodes franclemonti

Hypenodes palustris

Hypenodes sombrus

Nigetia formosalis

Parahypenodes quadralis

Phobolusia anfracta
